## \$2,050 Bid Wins Store Goods at Auction Sale

A \$2,050 bid by William Sooley of Waukegan Radio Supply at an auction sale of radio and TV parts, equipment, sets and the like bought the articles at Frank's Television Sales & Service in Antioch Tuesday morning.

Two persons took part in the bidding conducted by a Lake county sheriff's deputy from Waukegan. Also putting up offers was Murrill Cunningham of Antioch.

The bids started at \$1,554 and went in rather gradual rates up to the final offer of \$2,050. It took about 15 minutes from the time the deputy opened the sale until the final figure was reached.

Frank Applebey, a resident of the Oakwood Knolls Subdivision in Antioch, and former owner of the local radio-TV store, has not been heard from in several weeks.

The place of business was closed about 10 days ago and a legal notice

of sale posted on the store's door. Mayor Cunningham said Wednesday he will wait until at least the next village board meeting scheduled Dec. 8 before appointing a successor to Applebey who represented the Oakwood Knolls subdivision.

Applebey first was appointed to the village trustees and later was elected to the board.

Applebey also has been a junior vice commander of the local American Legion post.

About 60 persons crowded the store on Main St. Tuesday morning to hear the auction, including several TV and radio dealers from this area.

The bidding was delayed until close to noon while people claimed TV and radio sets they had bought or had repaired at the TV-radio service place.

The sheriff's deputy first offered the stock which included well over a hundred separate items, individually and in parcels.

When there were no bids for individual items or groups of them, he asked for offers on the whole stock.

The stock included such things as new and used TV and radios, cabinets, cash registers, stereo equipment, tubes, testing equipment, radio and TV tubes, record albums, phonographs and accessories.

## TB Testing Clinics Set At 3 Places

Hillcrest school, Wheatland and Prairie Lane schools will take up the rural child tuberculin skin testing clinic program in the coming weeks as children of various schools report at those schools for the second annual testing.

This week Wilmet high school and Central high of Salem were scenes of such testing by members of the Kenosha County Medical society. Monday was the day at Wilmet and Tuesday at Central.

Tests started at 9 a.m. and continued until about noon at Wilmet, while 8:10 a.m. was the starting time at Central, continuing until about noon. Pupils of the first, fourth, seventh, 10th and 12th grades were tested.

Tuberculin tests will be given at Wheatland graded school from 9 to 10:30 a.m. Monday, Nov. 16; at Hillcrest school from 9 to 11 a.m. on Tuesday, Nov. 17, and at Prairie Lane school from 8:30 to 11 a.m. on Monday, Nov. 23.

Children who were unable to attend the tuberculin skin testing clinic at either Wilmet or at Central may go to one of the other three under certain conditions.

Parents are requested to phone the office of the Kenosha county nurse at Olympic 2-4957 if any further information is requested.

"Follow-up is the most important single aspect of a tuberculin testing program," the National Tuberculosis association says.

Public health nurses give priority to this activity which includes home visiting and referral.

## School Band Concert Set For Sunday

The Antioch High School band, under direction of Joseph T. Rush, will present its first concert of the year, Sunday, Nov. 15, at 4:15 p.m. in the high school auditorium.

Featured on the program will be such numbers as "Finlandia" by Jean Sibelius, "The Impassario," by Mozart and on the lighter side will be some Leroy Anderson numbers.

Special selections for the concert will be a French horn quartet by David Bennett. Featured in the quartet are Sigurd Nielsen, Mary Kay Jarvis, Sandra Cremin and Donna Wagner.

For the first time to the general public of Antioch, the Antioch high school dance band will be presented. It will play four numbers during the concert.

Tickets are now available from any of the 65 members of the band.

A special meeting of the Antioch High School Music association will be held one hour before the concert. All past members and parents of students who are new to the high school band or choir are asked to be there.

Those who want to join the Music association, will be asked to do so at this meeting.

Join and help support your high school band and choir.

## Grass Lake Brownies Investiture Nov. 17

Grass Lake Brownie Troop 11 will hold an investiture at 7:30 p.m. Tuesday, Nov. 17, in the Grass Lake school cafeteria.

This meeting will enable the parents to meet the scout leaders and also to become acquainted with the Brownie program.

Brownie leader of Troop 11 is Mrs. Barbara Mitchell and her co-leader is Mrs. Ellen Ryan.

## Harold Kozminski Will Take Census In Antioch Area

Harold Kozminski of Spring Grove will cover Antioch, Wauconda and Grant Townships as an enumerator in the 1959 agricultural census of Lake county, Mrs. Charlotte A. Queen of Grass Lake said Wednesday.

Mrs. Queen is crew leader for the county.

Fox Lake Hills and Lake Villa Villages and the townships of Lake Villa and Avon will have Mrs. Gwendolyn B. Afeld of Fox Lake Hills as enumerator.

Thirty persons made application for the posts, Mrs. Queen said.

Census takers were to attend a three day training course Mrs. Queen will give at the Lake county farm bureau building at the county fairgrounds at Grayslake starting Wednesday of this week.

Thursday afternoon the enumerators will go out for a two hour period to begin their work and then return to the farm bureau building for any questions that may have arisen.

## High School Needs Talked

General discussion of the situation relating to Antioch Township high school and its expansion highlighted a meeting of two school board members and some of the Committee for Better Schools members Monday evening.

Meeting at the Antioch fire station were six members of the Better Schools group and two from the high school board of education, president Robert Denman and member A. W. Seekatz.

A spokesman for the better schools group said that the committee had decided it would do nothing unless it could work with the high school board in regard to expansion of the school.

It also said that such work would have to follow committee policy.

Denman suggested to the committee that individuals be sent to high school board meetings to give their views.

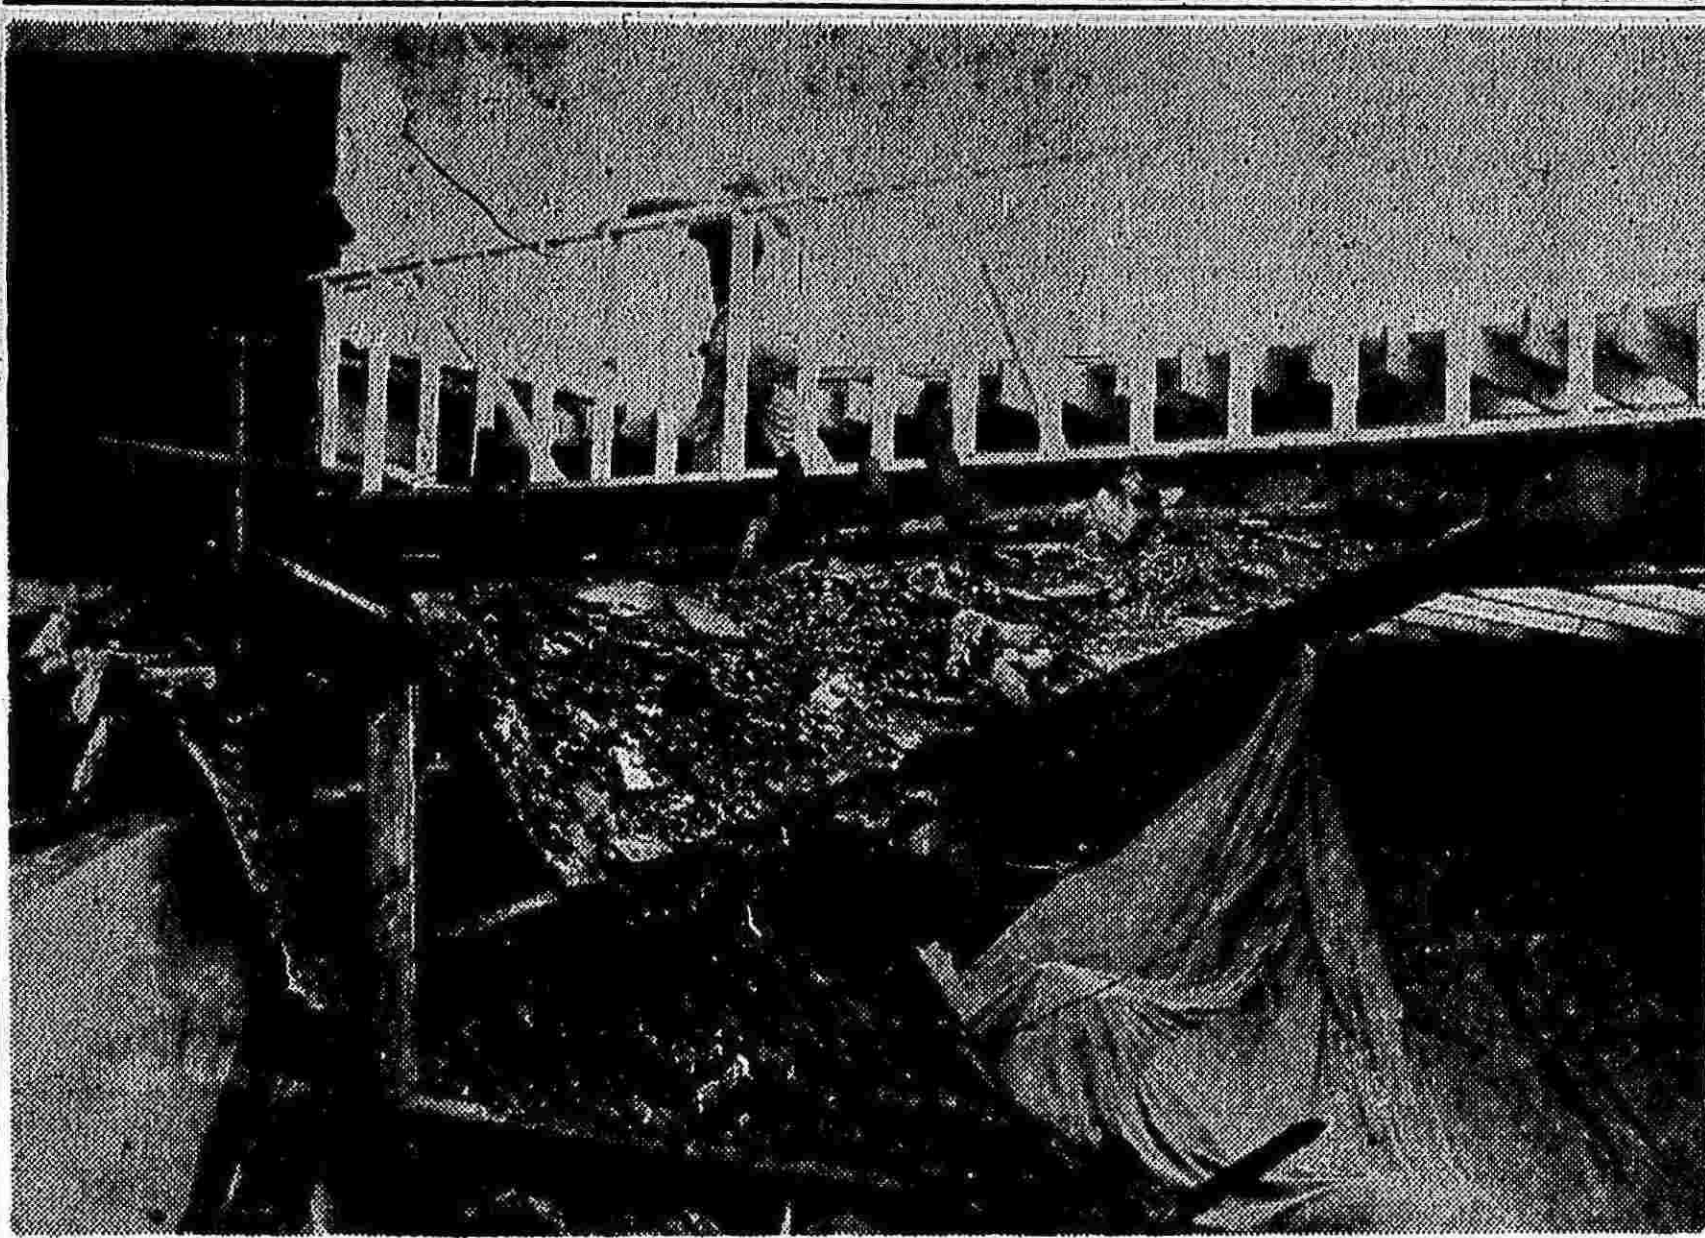

The better schools committee expressed confidence in the school board and said it was not its policy to sit back and criticize but to pitch in and help if needed.

## LV Lions Plan Event

LAKE VILLA—Ladies' Night will be observed by the Lake Villa Lions club with a dinner meeting Saturday evening at Marty's club in Lake Villa.

The club has sold 2,000 boxes of a popular product with the profit to go to the Hadley School for the Blind at Wilmette and the Leader Dog school at Rochester, Mich.

## 200 House Subdivision Planned; Cemetery Site Approval Sought

NEW ROOF was being installed at the Willow Dale Dairy plant at the north end of Antioch this week to replace one damaged by fire some weeks back. In the immediate foreground are some of the burned timbers and remains of the old roof. Workmen in the background are putting in a rafter. Those in charge expected the roof to be completed by the end of this week. Some work was still needed to be done on the interior of the structure. Late last week three or four large roof trusses were installed. A large crane worked most of one day setting them in place. Fire caused damage estimated at \$250,000 to the building and its contents.

## Band Festival Scheduled At Lake Villa on Saturday

LAKE VILLA—Antioch Township's high school band and chorus and the ATHS dance band will be among those playing in the annual band carnival to be held starting at 1:30 Saturday, Nov. 14, in the Lake Villa grade school gymnasium.

This all-day and evening event will feature bands and choruses, the sale of such things as baked goods, needlework, homemade candy and the like, and games of various kinds.

Other bands and choruses taking part will be from Grayslake, Wauconda, Round Lake and Spaulding, while only the chorus from Grant high school at Ingleside will attend.

The Lake Villa grade school band will be the only elementary school group to take part.

Sales of goodies and articles will be conducted by band parents of the Lake Villa school.

Brief concerts will be presented by each of the band, with Joseph Rush leading both the Antioch high and the ATHS dance bands.

The Grant high chorus is scheduled to sing several numbers between 7 and 8 p.m. under direction of John Hodges.

Thala Rush will direct the Lake Villa grade school junior and senior bands at the beginning and ending of the day's activities.

The event is in charge of Kenneth Rolin, assisted by Bert Henry, and Edmund Johnson and the Mesdames Clara Miller, Marie McLelland, Betty Lodice and Carol Effinger.

Activities are expected to come to a close about 10 p.m. Saturday.

The committee in charge has assured all attending that there will be something doing from start to end for everyone regardless of age.

Other officers named were Eugene Walaszek of Fox Lake, first vice president; Edward Snag, Round Lake, second vice president; Mrs. Jane Rundgren, Lake Villa, secretary; B. J. Hooper, Lake Villa, treasurer.

Next meeting on a date and at a place to be announced will hear further from Ross Garrett of Chicago, a professional hospital consultant on building and site.

The board was chosen at a meeting held recently in the Lake Villa grade school.

## GOP Meeting Slated

A meeting of the combined Antioch Township Men's and Women's Republican clubs will be held at 8 p.m. Thursday, Nov. 12, in the Antioch American Legion hall, leaders said this week.

## Hearings Slated In Antioch Soon On 2 Proposals

Two hundred or so homes will be constructed in an area bordering on Beach Grove road near highways 21-83 and equipment to dig a well for this area is being assembled.

That was the unofficial word this week from reliable sources who said that digging of the well is expected to start shortly.

A Chicago firm is believed to be planning the 200 house development on the south side of Beach Grove road near highways 21-83.

All this came in the wake of the announcement late last week that the Lake county zoning board of appeals will conduct a hearing in the village hall at Antioch on Friday, Nov. 20, to consider two zoning proposals.

One plan would be to establish a cemetery covering about 24 acres facing on highway 59 and the Beach Grove road near the Emmons grade school.

The burying ground would extend to the boundary of Sabrina Manor Subdivision along highway 59 and for several hundred feet along the Beach Grove road.

ON THE SAME DAY at the village hall, the county zoning board will consider the planned establishment of a common water supply plant to distribute water to 30 lots in Rosing's Lake View Subdivision.

Mr. and Mrs. William Rosing ask for a special permit to construct a water well, pressure storage tank and distribution system in the Rosing subdivision lying north of Beach Grove road.

Seeking the cemetery approval are Mr. and Mrs. Robert Bemis, owners of land to the northwest of Emmons school. The area now is farmland.

The county zoning board will hear the Bemis proposal at 1:30 p.m. and the Rosing plan at 2 p.m.

Attorney Edward Jacobs said that state approval already has been given an engineer's plan for a water supply plant. A company would be formed under the public utility act to operate the plant.

Application would be made to the Illinois commerce commission for a rate schedule, Jacobs said.

BEMIS SAID that variation or a special permit for a cemetery on the 24 acres would be the first of its kind ever to reach the zoning board of appeals.

"Plans call for a landscaped tract with no grave markers showing above the ground level to destroy the beauty of the site," he stated.

A corporation would be formed to operate the cemetery and any structures on it, Jacobs reported.

Should the cemetery plan be approved by the zoning board, plans call for it to be open for Protestants (continued on page 5)

CONCERT SCHEDULED. Here are some members of the Antioch Township high school band who will appear in a concert at the school auditorium at 4:15 p.m. Sunday, Nov. 15. A meeting of the Music Association of the school plans a meeting for 3:15 p.m. the same day at the school. Shown in this photograph in the school band uniforms are from left, Sig Nielsen, Dale Armstrong, Charles Bruhn and Dee Stillson. (Warren Polley photo)

### "A Season Ends, Another Begins"

Thirteen members of the 1959 Antioch Township high school football squad ended their high school football careers last Saturday evening and in what might be called "a blaze of glory."

Not that the 1960 June graduates could take all the credit for the one-sided victory over winless Wauconda, but their experience and "know how" undoubtedly were a big factor.

Coaches Bob Walther and Bill Baird will have their work cut out for them to find replacements for the "lucky 13" who graduate next year for they certainly must be considered the anchors of the 1959 team.

Three of them, Don Pyles, Bob Martin and Phil Mitchell have been named to the Chicago Tribune's all-Northwest Suburban conference team and their pictures were to appear in today's (Thursday) edition of that paper.

Pyles is a back, Martin a center and guard and Mitchell a tackle.

The 13 youths are Tom Burda, Chip Eberman, John Parker, George Anzinger, Mitchell, Gary Williamson, Ken Stepien, Walt Rosquist, Martin, Pyles, Dick Gudgeon, Dick Wolf, and Bob Wozniak.

A season record of 5 wins and 2 defeats is one of the best for the Sequoias in recent years — and many fans as well as players and coaches firmly believe that with a break or two here and there it would have been Antioch in the conference first place at the end of the football wars in 1959.

Now comes a basketball season with Larry Leon in charge of things.

Twenty-four youths turned out for the varsity squad when the call went out several weeks ago. Some of the football players were being given a few days of rest before they started their cage drills.

In addition another 20 or so boys have been working out in the frosh-sophomore basketball squad.

First cage game is Saturday, Nov. 28, against Mooseheart here.

### All These Things

Crisp air, tainted perhaps with the tang of burning leaves at dusk, seeing the sock of a foot against a pigskin on a football gridiron, the taste of apple cider and/or pumpkin pie, hearing the lusty exclamations of politicians intent on election or re-election and feeling the bite of the new born day, makes all of us realize that November is here again and the two big days in holidayland are near. Two weeks away is Thanksgiving.....a reminder each year of just how much we have to be thankful for, a sturdy bunch of forbears who celebrated their first Thanksgiving day about this time around 1621. And, the ever delightful yuletide only next month.

So we get ready for pleasures and along day by day we are settled into the seriousness of rightful living under a system that is God given in its freedom and in its basic simplicity.

Sometimes we try to make a complicated business out of living. When we do this, we usually serve up a mess of conglomerated ideas that represent a "mulligan" stew in the matter of existence.

This "mulligan" stew method is very much the same whether it is applied to politics or business or just plain folks. Everything should be in its place unless it is meant to be a stew or a soup and there isn't any particular pleasure in being in the "soup" yourself. So, whether you're of one creed, color, race or another, you have the American way of choosing whether it be a necktie, a can of beans or a senator and the choice is entirely yours.

The first paragraph, whether you noticed it or not, deals with the five senses. We use them all at one time or another in observing and in choosing. We were also given the power of thought and judgment. We use all of these things in buying and selecting. Whether it be a necktie or a can of beans or a senator.

Some neckties would suit a situation better than others. Some types of canned beans are better adaptable to certain specific meals than others. Some would be political aspirants, such as senators, would probably fit the seat better than the incumbent. That's up to the individual voter to decide. The Pilgrims brought that idea to these shores in 1620. We've been fighting for that God given right of freedom of worship, and expression ever since. We fought the British twice for some of these principles. And, as this is written on November 11, we are reminded of several more wars as this All Veterans' Day is observed. The thing is pure and simple.....when you buy or vote, know your product.

### Potato Sacks, Matador, an Angel Among "People" Seen at a Party

(Contributed by Girls)

GRASS LAKE—The Girl Scouts of Grass Lake Troop 6 had a fine time at their recent Halloween party. All sizes and shapes of creatures arrived, from old time bathing beauties (Sue Yancey) to Miss Autumn of '59 (Pat Freels).

There was a black face painter (Judy Heywood) with real wet paint on her ladder, an Explorer Scout (Mrs. Belle Hribar), two potato sacks (Randi Jacobsen and Violet Hribar), a bull and matador (Mrs. Barbara Reese and daughter, Leslie).

Also an angel (Mrs. Clyde Queen), an Indian (we think it was Mrs. Yancey) and Mrs. Jean Mueller as Bo-Peep or Red Riding-hood or something!

Toni Lomma was a flapper girl, Lenora Leider a gypsy and Delores Anderson, too, we think.

The girls had fun preparing a special Halloween cake with the help of Mrs. Yancey and playing games, supervised by Mrs. Mueller.

The other "ghosts and goblins" attending were Carol Hribar, Pat Ferrier, Darlene Teml, Nancy Queen, Sharon Wells, Martha Yancey, Janice Brenna, Mary and Virginia Gudgeon, Colleen and Mary Jo Muhler.

Shirley Reichenbach, Carol Fra-

sier, Karen Mueller, Karen Murphy, Susan Bloom, Nancy McGrath, Lynn Szymoniak (a blond witch) and Rayda Mae Schafer.

Everyone went home with "horrible" memories of the ghost story about the murder of "Poor Josh Brown" which the leader, Mrs. Betse, told.

When they passed eye balls (peeled grapes) and tongues (liver) around in the dark, this elicited some real honest to goodness screams.

Well, all is over until next Halloween and the girls are getting to work counting profits from a successful cookie sale and beginning their Christmas project, which is copper enameling jewelry.

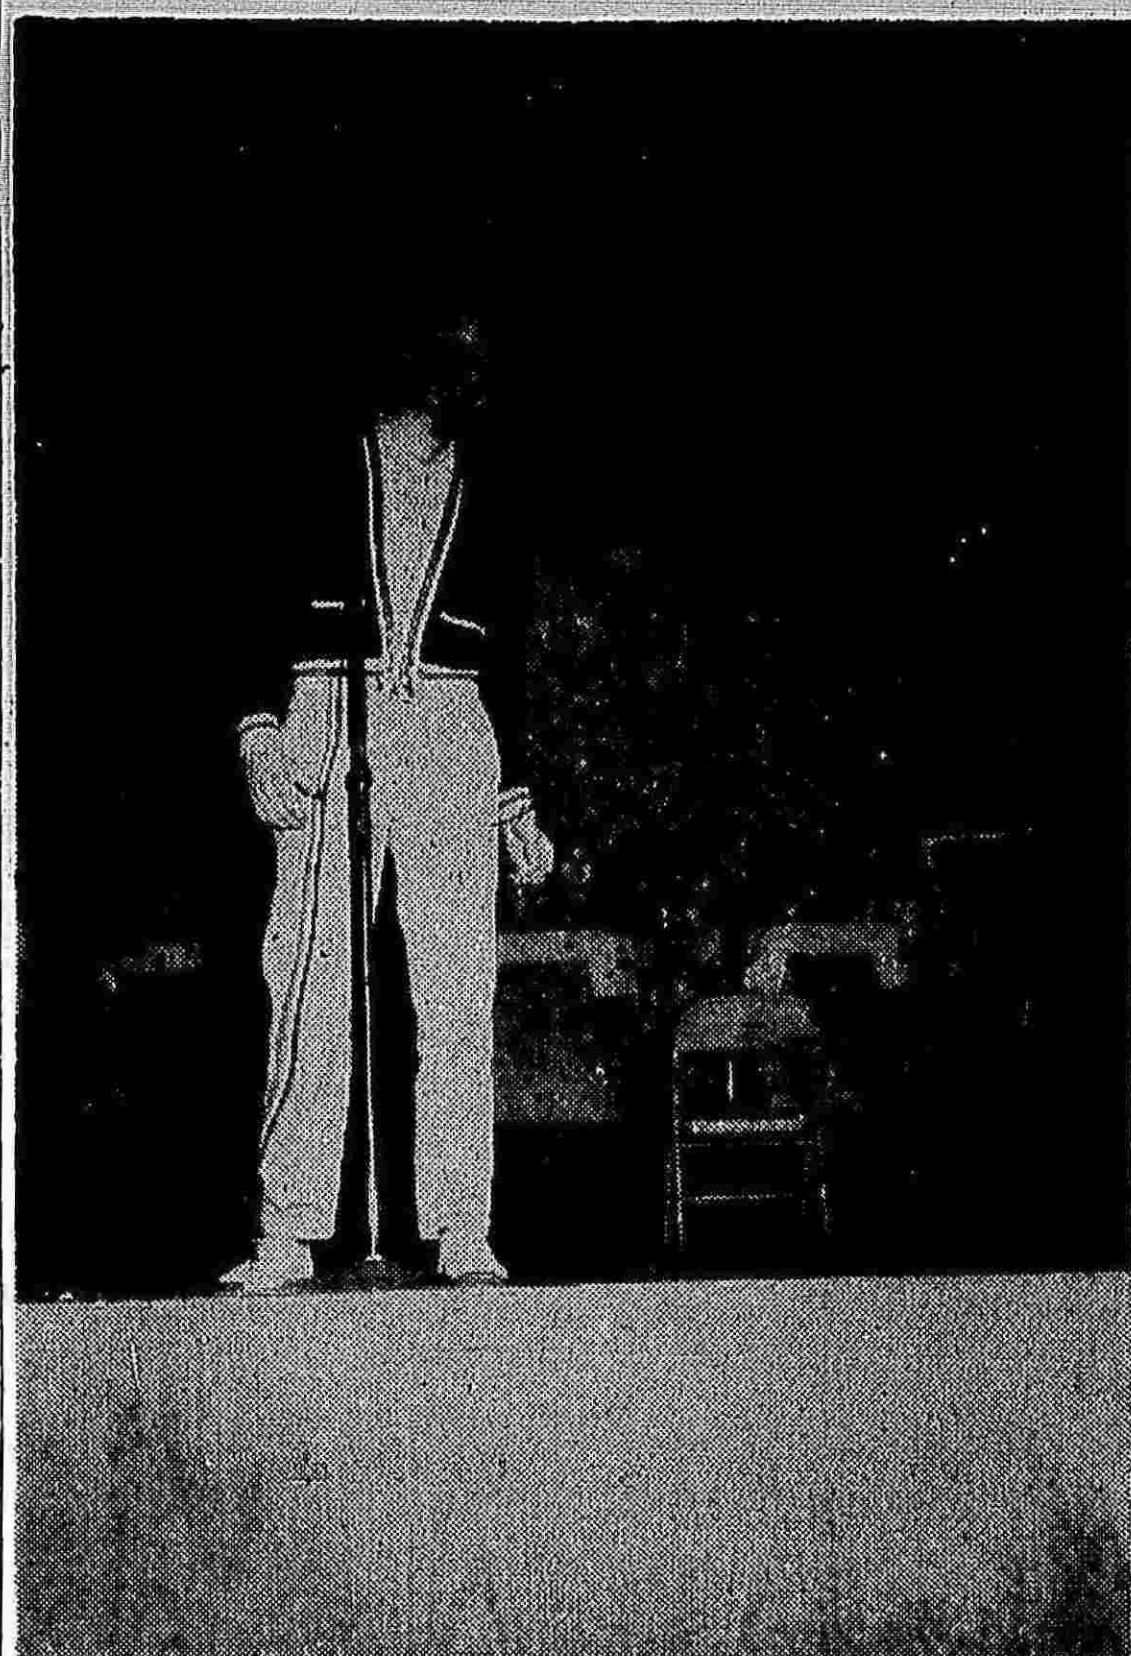

### Eight New Members

LAKE VILLA—Rev. Gerald B. Robinson received eight new members into the congregation of the Lake Villa Community Methodist Church at the 9:30 a.m. service last Sunday.

Those taking their membership vows were: Mr. and Mrs. Albert Moisan, Miss Janice A. Moisan, Mr. and Mrs. Townsend Barlow, Mr. and Mrs. Floyd Fahlgren and Mrs. Thomas Flanagan.

### LV Library Busy Place

LAKE VILLA—The Lake Villa Township library continues to be a busy place, reports Mrs. Ted Belke, librarian.

Recent donors to the library have been Charles Wullenbuecher who gave several excellent books and Mr. and Mrs. Winsor Dalgaard, who added to the memorial fund in honor of the late Charles Martin and Margaret Blaha.

Special library material has been requested and secured for many adult students who plan to use the coming winter evenings for study. Several teachers are working on these.

Textbooks and supplementary reference material has been set aside

for students of University of Illinois, Loyola University, Northern Illinois University at DeKalb and the naval school.

Several extension courses from the state library are being enjoyed by area residents.

Mrs. Belke spoke at the Lake Villa Elementary School Teachers' association meeting Tuesday, Nov. 10.

Her presentation included samples and discussions of new reference material in the library, along with suggestions for outside reading for elementary pupils.

Teachers offered helpful recommendations of library homework material which would be helpful to students in their classes.

Mrs. Belke, with an estimated 700 other Illinois Library association members will meet in Chicago Nov. 19-20-21 for the 63rd annual meeting of the association.

## DEAR EDITOR Your Letters

TO THE EDITOR:

During the past year the Retarded Children's Educational society of Lake county has maintained a classroom in the Fox Lake Elementary school for retarded children and provided them with a certified teacher and the necessary classroom equipment.

This was accomplished through the generosity of persons and organizations who contributed to support this activity.

A retarded child is a real, living, human being, who, although he may be slower than the average child, can be and is being trained and edu-

cated to take his place among the people of this community.

Nothing is lost that love and care does preserve.

The annual fund drive of the Retarded Children's Educational society opens on Nov. 15, 1959.

If you are interested, a contribution to this fund will provide the means for the continuation of a program to educate these retarded children.

They need understanding and loving care and they need your help to obtain an education.

Please send your contribution to  
Judith Rosenbach, Chairman,  
Box 644, Ingleside, Ill.

By Mrs. C. Probst

Twin Lakes Correspondent.

TWIN LAKES, Wis.—The Twin Lakes American Legion post no. 544 became the new sponsors of Boy Scout troop no. 43 recently when the troop charter was signed at the village hall.

The troop operating committee consists of Al Barton, commander of the post; Claude L. Foubare, president and chairman of the committee; Marty Baumann, secretary; William Porter, treasurer; Wally Karow, property man; Frank Reynolds, outdoor man; Edward Walsh, publicity; Joseph Beyer, institutional representative.

Baumann, Porter and Karow are former members of the troop committee.

With addition of the new officers, future planning for the Boy Scout activities will be improved. The American Legion desires to correlate and plan for functions to come. This is part of its community service work.

Next meeting of the troop committee was held this week Monday evening at the village hall. Fathers of the Boy Scouts were invited to attend so they may better understand what the committee plans for their boys.

Their aim is to have one of the best scout troops in Kenosha county. They believe it is one way to stop some of the juvenile delinquency, which is a nationwide problem.

The little boy who told his teacher the capital of the United States is in Europe wasn't too far wrong.—Anna Herbert.

### Opinion

AS THESE noble Houyhnhnms (a fictional race of horses) are endowed by nature with a general disposition to all virtues and have no conceptions or ideas of what is evil in a rational creature, so their grand maxim is, to cultivate reason, and to be wholly governed by it. Neither is reason among them a point problematical as with us, where men can argue with plausibility on both sides of the question; but strikes you with immediate conviction; as it must needs do where it is not mingled, obscured, or discolored by passion and interest.

I remember it was with extreme difficulty that I could bring my master to understand the word, opinion, or how a point could be disputable; because reason taught us to affirm or deny, only where we are certain; and beyond our knowledge we cannot do either. Jonathan Swift (1667-1745) British satirist.

Remember to retire into this little territory of thy own, and above all do not distract or strain thyself, but be free, and look at things as a man, as a human being, as a citizen, as a mortal. But among the things readiest to thy hand to which thou shalt turn, let there be these, which are two. One is that things do not touch the soul, for they are external and remain immovable; but our perturbations come only from the opinion which is within. The other is that all these things which thou seest, change immediately and will no longer be; and constantly bear in mind how many of these changes thou hast already witnessed. The universe is transformation; life is opinion. —Marcus Aurelius, Roman emperor and Stoic philosopher.

Social Security  
Rules Changes  
Are Announced

According to Bernard Barnett, district manager of the Waukegan social security office, the 1958 changes to the social security law may now make some people not previously entitled, eligible for parents benefit.

Parents who were dependent on a deceased son or daughter may now qualify for benefits, even though the deceased was survived by a widow, widower, or children.

Before this change if a deceased individual was survived by a spouse or child, the dependent parents could not qualify.

In order for a dependent mother, aged 62 or over, or a dependent father age 65 or over, to qualify for benefits, they must prove that they were dependent.

This proof must be filed with the social security office before August 1960, or within two years after the date of the son or daughter's death.

If you were denied dependent parents benefits because your son or daughter was survived by a spouse or child you are urged to contact your social security office as soon as possible.

The social security office in this area is located at 1515 Washington Street, Waukegan.

If you are unable to come in person to the office, you may get additional information by phoning ONtario 2-6595.

## Scout Leaders Meeting

A joint meeting of the Mothers' club of Boy Scout Troop 91, troop committeemen and fathers of boys in the troop will be held at 7:30 p.m. Tuesday, Nov. 17, at Pasadena Gardens.

Registrations for the event should be called in to Mrs. Joe Seitz.

Sheep Management  
Meeting Scheduled,  
Woodworth School

**KENOSHA**—A meeting on sheep management will be held at the Woodworth school at 8 p.m. Monday, Nov. 16, according to Kenosha county agricultural agent, Paul Jaeger.

Woodworth school is one mile west of Highway 41, at the corner of Highways 50 and MB.

Quinn Kolb, University of Wisconsin livestock specialist, will discuss good feeding, breeding and management practices. Ample time will be allowed for any questions on the subject of sheep production.

The meeting has been arranged to help the increasing number of Kenosha sheep producers get information to help them improve their sheep operations.

This is a meeting for all persons interested in sheep—the owners of a few as well as the large flock owners.

Young persons having 4-H or FFA projects also are invited.

If the producers indicate interest in other information regarding sheep, additional meetings will be arranged during the winter.

## Rentschler Announces Candidacy

CHICAGO—Chicago businessman and Republican leader William H. Rentschler Sunday formally announced his candidacy for the GOP nomination for U. S. senator from the state of Illinois.

If he is nominated he probably would face incumbent Paul Douglas, a Democrat, in the November 1960 elections.

In a speech Sunday evening he attacked a "depression-oriented, deceitful" Democratic party and challenged it to outline and publish its "vision of the future," as he said the Republicans have done.

Speaking before the New Trier Young Republican club in Kenilworth, Rentschler also compared Democratic policies to the "deceits of the television shows."

He challenged the Democrats to start a committee similar to the GOP "program and progress" committee which recently published a 16-year projection of future aims and policies.

The candidate said he had written Democratic party national chairman Paul Butler urging him to start such a committee, which would contrast "the vision of tomorrow as seen by both major parties."

"The Democrats cannot evolve a program of the future," he said, "because they have not progressed past the depression."

Lashing into what he termed "depression-geared legislators like Paul Douglas," Rentschler accused the Democrats of using the depression as an issue because "they have no other issues."

Rentschler also attacked Democratic Senator Douglas for urging labor bosses not to break ranks when "hundreds of thousands of honest workmen want to go back to work."

# Sequoits Finish Season in Third Place After Rolling Over Wauconda by 45-0

Thirteen seniors played their final game for Antioch Township high school as the Sequoits rolled over winless Wauconda 45-0 on the local field last Saturday evening. It was the 1959 season finale for Antioch.

The victory gave the Bob Walther coached eleven a season mark of 5 wins and 2 losses, including 4 victories in Northwest Suburban conference action. The other local win was over Wilmet high.

Antioch finished the league year in a third place tie with Round Lake.

Dick Gudgeon who scored three touchdowns, Dick Wolf who completed 6 out of 10 passes and Don Pyles who gained 97 yards in 13 carries were big guns for the Sequoits.

Gudgeon scored in the opening quarter on a reverse from the Wauconda 29 to end a 55-yard march. Later in the same period Wolf tallied after a 49-yard jaunt. Pyles ran the extra point and Antioch led 13-0.

TWO MORE were added by the Sequoits in the second quarter with the first coming on a reverse by Gudgeon and the other on a screen pass from Wolf to Bob Wozniak.

Gudgeon traveled about 25 yards on his play and Wozniak covered about the same distance for the touchdowns. John Parker converted the extra point on a pass from Don Pyles.

The third period saw the other Antioch touchdowns.

Gudgeon registered his third of the evening on a 9-yard pass from Wolf to end a 64-yard drive and Pyles placekicked the extra point.

Antioch marched 97-yards for its sixth touchdown after stopping a serious Wauconda scoring threat on the Sequoit 3-yard line in the third stanza. Pyles eventually smashed over from the Wauconda 7.

PARKER REGISTERED the final td of the evening on a passing play from Wolf that covered 19 yards to end a 53-yard march.

The local team rolled up 411 yards from scrimmage, including 305 on the ground and 106 through the air. Nine passes were completed out of 15 attempts.

Phil Mitchell, Bob Martin and Pyles were credited with doing a top job in stopping the Wauconda threats. The visitors gained a total of 126 yards, including 99 from scrimmage and 27 in passing.

Wauconda could complete but three passes in 14 attempts.

DICK WOLF of the Antioch Township high school football team is shown gaining 19-yards in the Sequoits game against Wauconda on the local field last Saturday evening. The Bob Walther-coached team completed its 1959 gridiron season by snowing under the visitors 45-0 in a Northwest Suburban conference contest. Wolf is shown trying to dodge two would-be tacklers, Tom Wesdelhoff (12) and Joe Coombs (18). The Sequoits finished the season with six victories and two defeats, including five wins in conference play. The team finished in a tie for third place. (Antioch News photo)

## Warren Edges Grant Bulldogs In Year Finale

By Jim Glendening  
Grant High Reporter

FOX LAKE—In the final game of the 1959 gridiron season for both teams, Warren's Blue Devils defeated Grant battling Bulldogs 21-13 at Gurnee last Friday evening.

Warren quickly took a 7-0 lead in the first quarter on a 56-yard pass play and on a run for the point after touchdown.

Late in the opening period, the Bulldogs ramblled 75-yards to tie the score with Bob McNally crashing over from the Warren 10-yard line. Ed Coats booted the extra point.

The second quarter featured a Warren high drive that was thwarted by Grant high's defense on the Grant 2 and the half closed with the scoreboard reading a 7-7 tie.

Grant received the second half kickoff and set the stage for Bob Bishop's 55-yard scamper to paydirt to give the Bulldogs a 13-7 edge.

Late in the third stanza, the Blue Devils started a 67-yard drive that finally resulted in the deciding score margin that put Warren out in front to stay, 14-13.

However, the Bulldogs weren't through yet. They launched a 60-yard march that ended on Warren's 1-yard line, only to have the Blue Devils take over on downs with four minutes to play.

Warren then marched the length of the field for its third and final touchdown to make the score read 21-13.

Statistics revealed that Grant had the edge in first downs, 13 to 12, and in rushing 240 to 227 yards.

Outstanding on offense was Grant's Tom McNally, who in addition to his touchdown, carried the ball 10 times for a total of 97 yards.

## Tavern League Monday, November 2

## Scouts Open 1959-60 Cage Season At Grayslake High Sunday at 1:30

The Antioch Scouts semi-pro basketball team will open its Land O' Lakes league season Sunday afternoon, Nov. 15, by meeting Richmond in the first game of a tripleheader in the Grayslake high school gym.

The local men will play at 1:30 p.m., followed by Grayslake vs. Wauconda about 2:55 and Round Lake vs. Fox Lake starting about 4:20.

This week Wednesday evening the Scouts played St. Mary's of Waukegan in a game scheduled for 8:30.

Looking forward to Sunday's clash with Richmond, manager Tom Poulos of the local semi-pros recalled that the scouts broke even

last year with Richmond.

The Scouts won the first game by a large margin but the second contest was "real close."

He figures that if Richmond is as good or better than it was in that second contest of 1958-59, the Scouts may have a rough time of it in bringing on a victory.

A scrimmage was held with Fox Lake at the local high school gym this week Monday evening. No score was kept and the action was more of an opportunity to see what the players could do against a foe than anything.

Poulos commented afterward that some of the new Scouts looked pret-

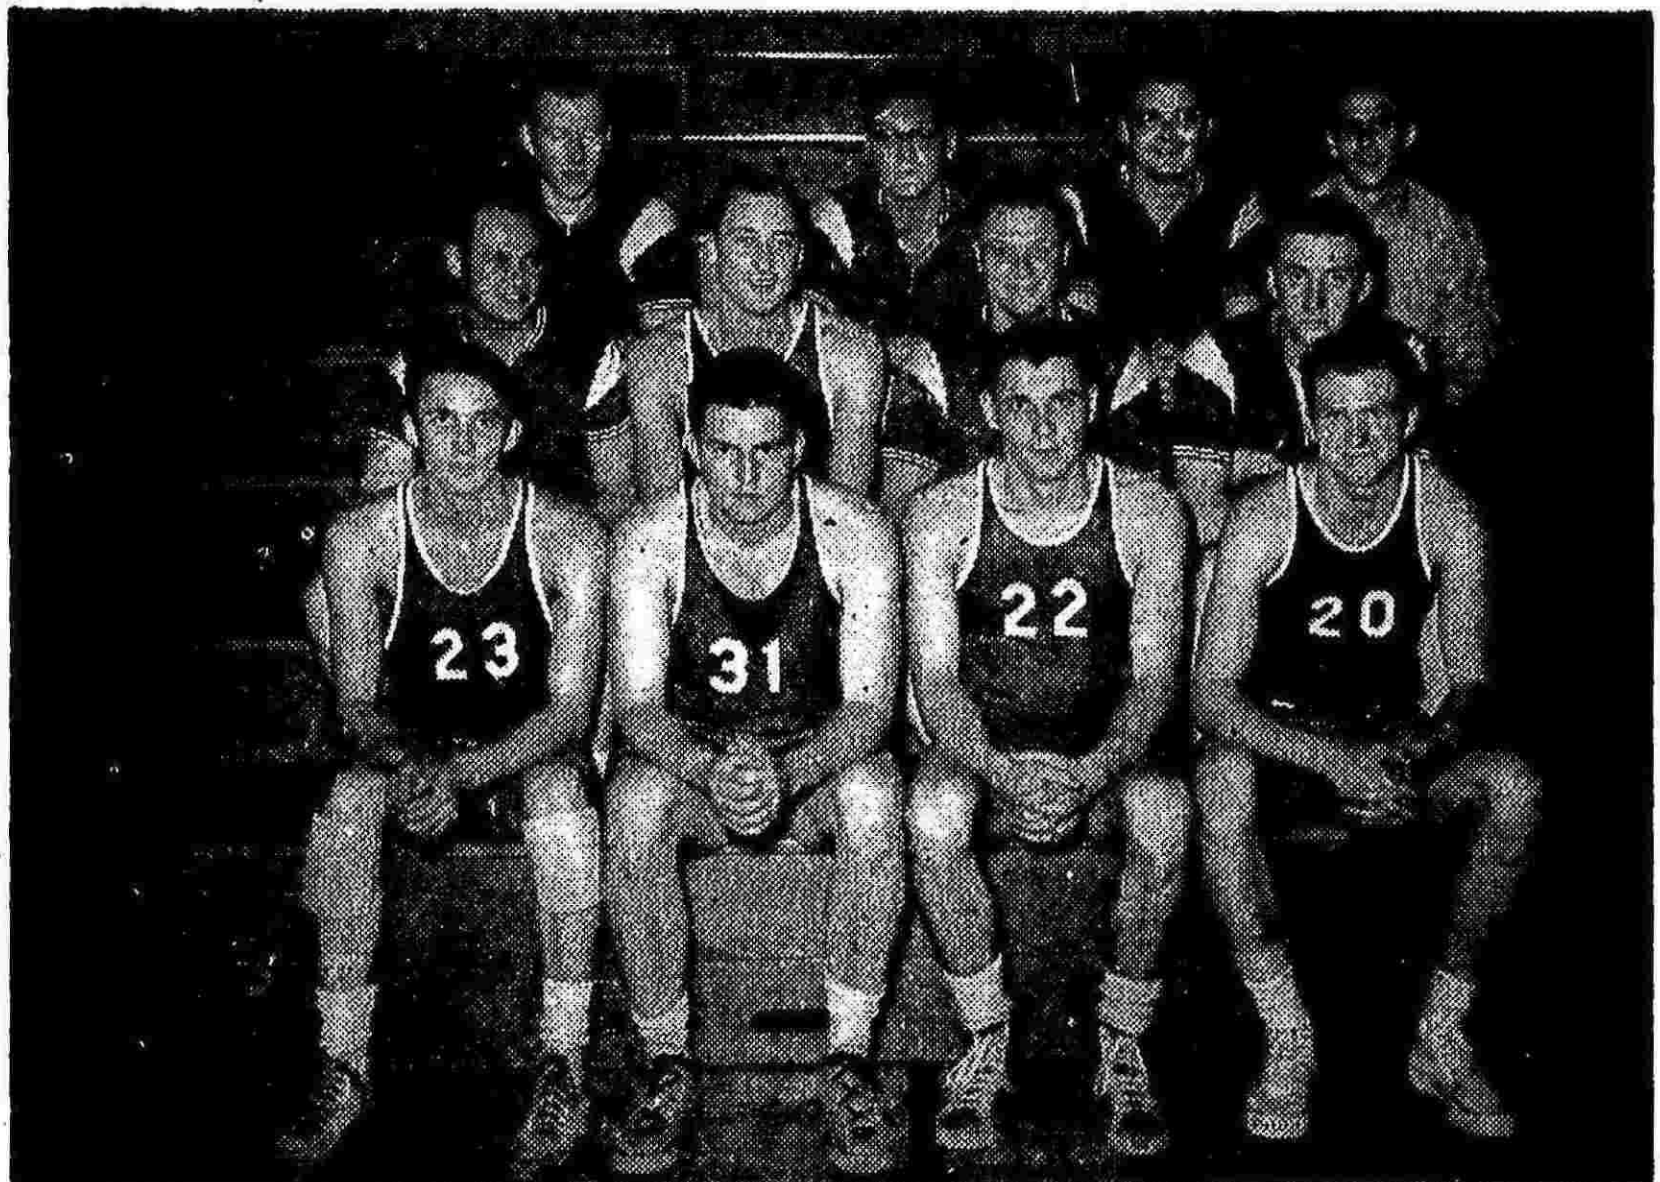

ty good and that he is looking forward to a "good season" in 1959-60.

Mentioning some of the Scouts recently, Poulos said Jack Pregonzer was a good shot and rebounder, Art Smejkal one of the best all-around players in the league and Bill Baird is tough on the boards.

Al Reckers was called a good shot from in front and Sid Parker, Dick Behrens and Butch Brownlee among the best in setting up plays.

Two new players for the Scouts this season, Leroy Gallagher, should add height and be tough on the boards, and Bob Lubkeman should give added strength.

First home game for the Scouts will be against Fox Lake on Nov. 29.

ANTIOCH "SCOUTS" semi-pro basketball team took time out the other day to have their picture taken at the Antioch Township high school gym where they will be playing their Land O' Lakes Basketball league and non-league games this winter. First home game is scheduled as part of a tripleheader the afternoon of Sunday, Nov. 29. The Scouts play Richmond at Grayslake high school of 1:30 p.m. Sunday, Nov. 15 as part of another tripleheader. Shown left, front row, Dick Behrens, Sid Parker, Butch Brownlee, Leroy Gallagher; second row, Al Reckers, Art Smejkal, Bob Wilton; third row, Bob Poulos, Jack Pregonzer, Bill Baird and manager Tom Poulos. ### Frosh Topple Foes by 40-6 In Finale

Antioch high's Frank Ehrhardt raced 75 yards on the opening kickoff for the first touchdown for the Sequoit freshmen and Richard Fitch ran the extra point to open the freshman 40-6 victory over Libertyville at the latter's field.

On the next play, the home team scored a touchdown but the extra point try failed and Antioch led 7-6 to remain ahead the rest of the game.

Paul Mameul caught a quickie pass from Tom Furlon and raced 40-yards for the second Antioch td. The extra point try failed.

A 40-yard jaunt by Rick Fowles around end scored the third Sequoit frosh td and when Fitch passed to Fowles, the extra point was made.

An intercepted pass by Fitch set up the fourth Antioch score with Hameul going around end for 30 yards and the td. Fitch ran the extra point.

Doug Lang recovered a fumble for Antioch to set up the fifth Sequoit td and again Hameul ran around the end, this time for 50 yards. The point try failed.

Intercepting a pass, Jim Brownlee fumbled the ball but it was recovered by Ron VanRooyen who picked up the pigskin and ramblled 40 yards to paydirt. Brownlee ran the extra point.

Alert defense, featuring Dave

Cardiff, Lang and Calvin Adams backing up the line and Hameul at end held Libertyville to 6 points.

Furlan, Antioch frosh quarterback, completed five out of six passes.

The local frosh had held their foes to 40 points while they rang up a total of 120.

Monday afternoon the local sophomore eleven edged the frosh 13-6 in an inter-school rivalry.

#### 211 GAME

On October 24, 1959, in the Grade School League called "12:00 O'Clock Bantams," Ernest Westlund rolled a 211 game. He is 13 years old.

The Chicago Motor club cautions drivers that rush hour situations require extra patience and skill. The extra crowding sometimes forces motorists into quick decisions.

## Invite Parents To See Library

Parents and other adults interested in library work, especially at Antioch Township high school, have an invitation to visit the school's facilities where 3,000 titles are classified under the Dewey system.

"The high school feels that the library and its services are the 'hub' of the educational program," school authorities said.

Various teachers at ATHS through the cooperation of librarian Polly Boaz, direct class activities to the library for references, assignments and pleasure reading.

A deficiency does exist in a number of reading areas, so that the high school board of education has appropriated \$7,000 this year to make improvements to the library.

## Farm Census Opens Nov. 12

Field work in the 1959 census of agriculture gets underway locally on Nov. 12 when a force of census takers will start visiting every farm in the area.

Farm census questionnaires have been mailed to all farm operators. The census takers will visit all local farms to collect the questionnaires and, if necessary, assist the farmer in filling out the report form.

The current census will yield information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment and selected farm expenditures.

Leaders emphasized that all information about individuals and their farm operations furnished to the census bureau is held in absolute confidence under federal law. It is used only to provide summary figures such as totals, averages, and percentages.

The information on an individual report cannot be furnished to any one other than sworn census employees and thus cannot be used for investigation, taxation or regulation.

### Cub Scouts Plan 'Store' For Nov. 23

TWIN LAKES, Wis.—A "country store" will be open for business for cash customers at the next meeting of Cub Pack 43 to be held Tuesday, Nov. 23, parents, friends and scouts were reminded this week.

One act puppet plays presented by dens 7 and 9 and a skit by den 5 were among the highlights of the meeting of the pack of Bassett on Oct. 27.

Den 9 conducted the opening flag ceremony and led the group singing of "America." Special Halloween songs were led by den 5.

The puppet plays by Den 1 depicting three Aesop's Fables were titled "The Fox and the Grapes," "The Dog and His Reflection" and "The Tortoise and the Hare."

The skit given by den 5 was called "The Milkmaid and Her Pail." Lights were dimmed and a shadow puppet play showing Aesop's "The Town Mouse and the Country Mouse" was presented by den 9.

Den 2 acted out the fable of the "Fox and the Stork" and held a race between the "hare" and the "tortoise" with all the Cub Scouts urging on their favorite contenders.

A Bobcat pin was awarded to Larry Ranker and Wolf badges to Frank Nordmeyer and Douglas Fischer by assistant cubmaster Frank Wilson.

The boys formed a parade to show their Halloween masks made of their favorite Aesop fable animal and each presented its den yell.

Apples and treats were passed out to everyone and the meeting was closed with the Cub Scouts and their families singing "Good Night Cub Scouts."

### "Antioch Hi Chatter"

By Marie Jaslen  
Antioch High Reporter

It's funny how one week can be packed to overflowing with activities, and the next seems so quiet, and almost dull compared to the hectic pace set last week.

This past Tuesday the FHA held installation of officers. Most of the old officers weren't able to be there so members of the club took their part in the impressive ceremony.

The FHA is trying to make itself more interesting to the students by planning more and much more amusing activities.

This past week on television there was a presentation of Cervantes' great masterpiece, "Don Quixote," and earlier this season there was a play based on Henry James' "Turn of the Screw."

There are an awful lot of senior students who wish that these productions had been on last year when they studied these works as part of the world literature course that the English department tried to put into the schedule.

If these shows had been aired last year it may have made the books seem more interesting and it surely would have made them more understandable.

Sometime before the end of the semester the English department wants to open a bookstore in half of what is now the Junior P. X.

This bookstore will sell paperback books to the students, and the list of books will run from Dostoyevsky to Dennis the Menace.

Everyone is looking forward to this new and novel "book store" for ATHS.

The English department has really made a big jump this year. They have a listening laboratory which is located in the high school library.

There are two phonographs, with three sets of ear-phones for each machine. There are assignments given to the students which to complete they must listen to certain selections in this listening lab.

This new addition has made the study of English more interesting for everyone.

In this week's Tom-Tom there will be an article about the history of ATHS as interpreted by the Tom-Tom.

The wonderful year was 1951-52, and there sure are a lot of surprising things in this article.

This Wednesday is a much looked forward to day, and everyone will spend the holiday in any way they want, but it is to be sure that everyone will have a wonderful time.

A holiday on a Wednesday gives the week a nice break. It seems as if it really is two short weeks instead of a bisected single week.

Last week the Seniors had chest X-rays taken in the portable unit.

It's surprising how those big, brave, Senior boys lag to the back of the line when confronted with that big, scary machine.

Or was it that they were just trying to get out of school?

This week-end holds a lot of activities. Even though there are no football games there is the journalism conference at Urbana for Tom-Tom and Sequoia editors, and the visit to Northwestern for senior girls.

The F.N.A. wanted to go to St. Luke's hospital in Chicago for a visit and tea, but the school dampened this idea by refusing to excuse them from the school day. It's too bad, for the girls would have enjoyed this.

The seniors Turnabout dance after the game Saturday was a success, but they didn't do a good job of cleaning up.

Miss Mary Donovan was threatening to take it out on the senior girls, but she relented, and all was forgotten, except that scuffed up floor in the girls' gym.

### 'Open House' Slated At Salem Hi Nov. 16

### Salem High Notes

By Miss Frances Murphy

The LLlibrary club held a meeting on Oct. 28 at which it enrolled Mr. and Mrs. A. H. Erickson and Miss Irene Bosman, former librarian, on leave, as honorary members.

The constitution and by-laws were distributed for reading by members. Parliamentary procedure was discussed.

A special program committee was appointed. The library science class and members of the club, will decorate the library in a Thanksgiving motif.

A trip to the museum of science and industry is scheduled for Saturday, Nov. 21. Any student interested should contact Mr. Alby soon. This trip is a yearly trip sponsored by the science department of the school.

School was closed Thursday and Friday, Nov. 5 and 6, to enable the teachers to attend the state teachers' convention at Milwaukee.

### Install New Members

WILMOT, Wis.—New members were installed at a meeting of the Holy Name men of the Holy Name Parish in Wilmet Sunday morning. Speaker at a breakfast meeting was Howard Halasaka of Milwaukee.

Plans were made for a dance in November. A mass at 8:15 a.m. was celebrated before the breakfast session.

## It's an 'L' of a Life for Loecher Family at Its Farm Near Antioch

By Mrs. Pearl Kapell

**CHANNEL LAKE**—Have you met the Lawrence Loecher family, who live on Lill-Larry farm on Route 173, east of Antioch?

The Loecher family is unusual in at least one respect. Everyone in the family, and all the livestock on the farm, have names beginning with "L."

Father, you see, is Lawrence; mother is Lillian Louise; daughter, now married and living in DeKalb, is a graduate of Antioch H. S. and a registered nurse at DeKalb General hospital.

Her name is Lois Lillian; two sons are Lawrence Lorman and Lee Lewis.

Mrs. Loecher was kind enough to list all names, with explanations of several of them. I'll give you her explanations verbatim:

Liza (a dog). Lee wanted this dog when it was a pup, hence the name Liza.

Lefty (a dog). This dog was left stranded on a neighboring farm. We felt sorry for him and took him in, with the intention of finding him a good home. We did—he is still here.

Laddie (a pup). This dog also was wished on us.

Lil' Biddy (a cat). Lorry (At home we call him Lorry. Around town and at school I believe they call him Larry) found this tiny kitten deserted by its mother up in the hay mow.

Because it was so tiny he carried it around in his pocket. That's why she was named Lil' Biddy.

Mr. Loecher does have a middle initial but it happens to be "H", so we sort of disregard it. We just can't have an "H" in with the "L's" now can we?

Now—out to the barn, where there are 46 cows and heifers. (For the benefit of city slickers, heifers are young cows.)

Here are their names:

Lolly, Laurel, Linna, Leah, Libby, Laurie, Landa, Lill and Lilda (twins), Lydia, Leona, Laurella, Lusty, Leora, Letina, Lana, Lightning, Lisa, Loll, Loris, Linnea, Lorelle, Laurene, Lynne, Lu-Anne, Lue, Laura, Lida, Lea, Lena.

Lollette, Lona, Lorissa, Laurain, LaSandra, Ledina, Lu-Ella, Lilda's Lady, Lill's H-13, Louise, Lu-Too, Laurette, Luster, Laurita, Lannie, Lustig.

Here is a note of explanation from Mrs. Loecher.

"Thought you might like to know that all these cows were born and raised right here.

Almost 11 years ago we started out with one cow, two heifer calves. We were fortunate through these years to have mostly heifer calves born.

"We also try to get the calves' names to correspond with the mothers' names. Example—Lynn's calf was named Linna — Lolly's was named Lollette—Laurette's, Laurella—Lauraine's, Laurie, etc.

Otherwise we name them from some characteristic—as, Lightning—she was as fast with her hooves as streaks of lightning.

"LUSTY got her name because she was the loudest cow in the barn, always hollering. Another cow, which we no longer have, had the longest pair of legs that we had ever seen, so she was called Lanky.

"Her daughter was just like her, long legs, so we called her Leggsy. So now you have some idea how we name our animals.

"This list is probably longer than you think—But aren't you glad we don't have rabbits?"

Mrs. Loecher also mentioned that they had had a cow named Lulu. But Lulu had something wrong with her and had to be disposed of.

Lulu, Mrs. Loecher says, was a very disdainful cow, looking down

her nose at everyone.

Perhaps this is why they haven't named another cow after her—might have a bad effect on her character.

It just wouldn't do to live on the Loecher farm if you have trouble pronouncing your "L's" would it?

I can just hear some children I've known, calling, "Wolly, Waurel, Winna."

Well, long live Loecher land, lovely landscape of lawns, leas and lanes.

### Licenses Suspended, Permit Is Granted

**SPRINGFIELD**—Several from Antioch and vicinity were among those who have had their drivers' licenses suspended or revoked or granted probationary permits, the state drivers' license division reported.

Marie E. Eves of Round Lake and James Harris of route 3, Antioch, have had their licenses revoked.

Suspensions have included those of Richard G. Murphy of route 1, box 193, Antioch, and Eugene H. Seyfert, route 1, box 1A, Antioch. Murphy in turn was granted a probationary permit.

Disabled workers age 50 and over may now get monthly social security payments for their dependents. For complete information contact the social security office in Waukegan.

## Budget Talk Dated Dec. 1

**SILVER LAKE, Wis.**—A mill rate was to be set at a meeting of the Silver Lake village board this week Thursday evening at a session in the village hall. No increase over this year's rate was expected.

A public hearing on a proposed village budget of \$44,510 for the coming year is scheduled for the regular session of the board to be held on Dec. 1.

The budget was approved tentatively by the board at a meeting earlier this month.

The figure of \$44,410 is an increase of \$5,740 over last year's estimated budget of \$38,770, but no hike is expected in the mill rate since the village assessed valuation has increased \$79,000 in the past 12 months.

Village trustees have lopped off \$4,000 from a proposed \$13,000 street

## Dinner Slated Nov. 15 At Long Lake Church

**INGLESIDE**—Trinity Evangelical Lutheran church of Long Lake will hold a complimentary dinner in connection with the church's Christian stewardship program at 2 p.m. Sunday, Nov. 15, at the Gavin Grade school.

General chairman of the event, Bill Aleckson, urged that each church member and friend attend and "grow in the knowledge of the work of our congregation and entire church."

Improvement item and \$5,000 from a proposed \$8,000 for a new fire truck.

The fire department's request for a \$500 appropriation to purchase a resuscitator and tanks was included in the tentative budget.

An area south of the village hall has been set aside for parking a mobile x-ray unit for tuberculosis testing scheduled tentatively from 3 to 4 p.m. Jan. 5, and open to the public.

## Employment Census Scheduled in Area

Information to be used in compiling national figures on employment and unemployment will be collected locally during the week of Nov. 16 in the current population survey.

The information collected from local families will be combined with that collected in 329 other areas of the country to provide the national estimates.

Approximately 35,000 households are included each month in the current population survey.

These households are selected at random under the census bureau's scientific sampling program to provide a representative cross-section

of all classes of the population, and all types of areas in the country—large cities, small towns, rural areas, and so forth.

You're invited to drop in at your nearest telephone business office (address listed in the Directory) and see the Princess phone.

Try out this new extension by calling a friend. You'll find it's dramatically different from any phone you've ever seen before.

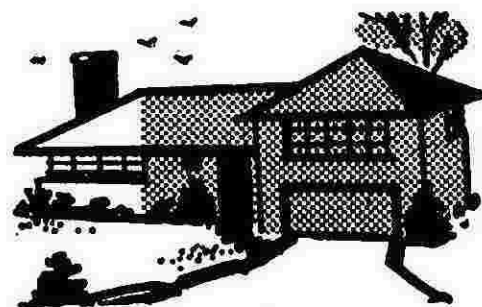

First, it's *small*—takes up less room on table or desk, fits beautifully in bedroom, kitchen, den and family room.

Next, the *dial lights up*. It glows in the dark so you can find it quickly and, when you lift the receiver, lights up brightly to make dialing easy.

Of course, it's *modern*. The Princess phone is styled for the modern taste that wants beauty and simplicity together. And it comes in your choice of five decorator colors—white, beige, pink, blue and turquoise. Just call or come in, or ask a telephone installer to show it to you.

### Armistice

On dugout, trench, on far-flung front  
Lie men alert, to kill as want,  
Their eyes peek thru the murk and gloom  
No doubt but many think of home,  
For memory's strong their heart-  
cords pull  
While battles rage and death takes toll.  
Perhaps they're wondering now, if they  
Shall live to see another day.

It's zero-hour, now hell breaks loose;  
Go over top, for yet no truce,  
Go over there, and kill, destroy  
And maim some men, perhaps a boy.  
Grim death is there, ye are his tools,  
Ye kill for nought, ye mortal fools.  
How long, how long, shall this go on?  
The day of peace, when shall it dawn?

From over fields where shells did fall,  
To battle-line, there comes a call.  
The call peals out; now cease your fight!

Where guns've been thundering,  
all gets quiet.  
Yes! As if by magic, silence fell  
On every hill, down in the dell.  
The zero-hours are gone, they're past,  
The Armistice has come at last.

In addition to being one of the most dynamic preachers of the diocese, Father Jones has received wide recognition for his work in the rehabilitation of prisoners from the Cook county jail, since he founded St. Leonard's house, Chicago, a few years ago.

Officiant at the service will be Rev. Robert L. Eldridge, vicar of St. Paul's, McHenry. Rev. Edmond E. Hood, rector of St. Ignatius, and Rev. R. Dean Johnson, vicar of

## Club Suggests Tips on Parking

Here are some parking tips suggested by the Chicago Motor Club.

—Signal for a stop. Drive alongside the car in front of the intended parking place. Stop when the rear bumper of your car is beside the rear bumper of the adjacent car. This first position is of prime importance.

Back in very slowly, steering sharply toward the curb until your car is at nearly a 45 degree angle with the curb. Your front door now should be opposite the rear bumper of the adjacent car.

—Straighten the front wheels. Continue backing into the parking space until the end of your front bumper is opposite the rear bumper of the car parked in front of you.

—Turn the steering wheel rapidly in the opposite direction as far as it will go while backing slowly into the parking space. The right rear wheel should be close to the curb, but should not touch it.

—Go slowly forward, turning the steering wheel so as to bring the car parallel to the curb. Stop the car after centering it at about an equal distance from cars ahead and behind you.

Parking really is quite an art. But with a little practice proper parking should become easy for you.

## "Just a Dream"

One of these evenings, when I was tired  
Didn't want to go out, not even to a show.  
I sat me down in my easy chair  
And turned on my radio.

At first the music thrilled me,  
Then slowly put me to sleep;  
And as in dreamland I wandered  
New adventures did I seek.

With not a worry, not a care,  
I journeyed on, up in the air.  
When lo, behold, a light I see,  
A light so bright, it dazzled me.

The Golden Stairs I know it be  
The last thing to come, 'twixt God and me;  
And there at the top did St. Peter stand  
With his flowing robes and key in hand.

"Who are ye, What want ye here?"  
St. Peter cried, as the crowd drew near.

"Why, we are stars of a radio or television show  
And through the Golden Gates we'd like to go."

"What have ye done, down there below  
To help humans, as on through life they go?  
To joke, or sing and dance, 'tis not enough  
For life is made of sterner stuff.

"Go then, and see what you can do  
To make life worthwhile, for even a few.  
They will bless you—one and all  
Welcome, then, you'll hear me call."

## "Priceless"

If Father Time, to me would say  
In a most sincere, yet kindly way:  
"Some sacrifice you'll have to make,  
Some prized possession I must take.

"So think twice, my child, then look about  
To find the things you can do without.  
Not for a day, or a week or two  
It will be taken forever from you."

I'd tarry there, I'd dream awhile,  
I'd lose my voice, I could not smile.  
Anger must not get best of me.  
With Father Time I'm dealing, you see.

Take my house, I'll rent a flat.  
Take my dog, or my pet cat,  
Jewels and silks, they all may go,  
But please... leave me my Radio.

## Over \$1,000,000,000 To Be Distributed By Christmas Clubs

The sharp rebound from the 1958 recession was emphasized again when Edward F. Dorset, president of Christmas club, a corporation released figures for the 1959 club.

The total accumulation this year is \$1,405,000,000 which some 8,000 banks and savings institutions will distribute to over 13 million Christmas club members.

"Evidently the American people are aware that economic strength is

as vital as guns and missiles because they are certainly taking steps to ensure their individual financial security," said Dorset.

"It's a significant thing that over 13 million Americans have carried through a savings program which they had faith enough to start in a recession year.

"Of course they will use part of it for Christmas but they plan to invest over 50 per cent of the total in long-term financial goals."

The year 1959 marks the eighth successive year that club disbursements have exceeded a billion dollars and the 1959 accumulation, following the trend of the past several years, is about 3 per cent larger than in 1958.

## The Many Faces of Love

The novel that provoked a critical crossfire two years ago—praised by most critics as one of the finest novels of our time, yet denounced by some—has started controversial fires burning again. "By Love Possessed," Pulitzer Prize Winner James Gould Cozzens' novel that describes the infinite varieties of love, and topped best seller lists for a year, is at last available in an unabridged 75¢ paper-back edition published by the Fawcett World Library under the Crest imprint.

"By Love Possessed" is a penetrating and stimulating study of lawyer Arthur Winner, leading citizen of an American town called Brocton. Mr. Cozzens pictures Arthur Winner as a man of great integrity, a man upon whom others place their problems. He is intent on being a man of reason. Then in two days and one hour of his life, the time span of the novel, Arthur Winner's life comes to crisis. Before the final hour is described, novelist Cozzens has examined the many faces of love: violent and gentle, married and illicit, parental and communal.

From a friend's call for help on behalf of her younger brother who is charged with rape, to his discovery that his elderly legal partner has been tampering with trust funds administered by the firm, the burdens and rewards of love in all its forms are revealed to Arthur Winner. Through these crises and several others, and through disclosures of his own past, he is forced to face himself. And Arthur Winner finds

James Gould Cozzens

he is much unlike the man he thought himself to be.

Public acceptance of the hard-cover edition of the book elevated it to the status of a modern classic, and, rare for a contemporary novel, it was added to many college reading lists soon after publication. Now, with Crest's unabridged reprint making "By Love Possessed" available to millions more, this powerful novel faces judgment by the largest group of readers it has yet known.

## Social Evening Is Planned At Fox Lake Hills

By Jim Jankowiak  
Fox Lake Hills Correspondent

Members of the Fox Lake Hills Sports club met last Thursday night at the Gavin North school. There were 15 members present.

More might have come, but due to the mixup concerning the place of the meeting, some people never found out where it was to be held.

Main item of the session was the forming of a social night. Opinions were voiced that the reason the club did not have large attendance at meetings was because all members did was talk and argue (no offense meant).

It was then decided to hold a social night on the second Friday of each month during the winter. There is to be card playing and other entertainment for the members, their wives and guests.

Coffee and sandwiches will be served at a nominal cost to those wishing refreshment.

The first Social Night will be this week Friday at the home of Harold Riley, the association president. All the Sports club members and their friends are invited for an evening of fun.

Also at the Sports club meeting, plans were discussed about acquiring a trap shooting range and equipment. After much discussion and explanation, the members decided that they would delay action until negotiations can be made with the Lake Villa police department.

Possibly the two groups can combine forces and sponsor one big trap shooting area with events throughout the year instead of the twice a year shoot the Lake Villa police now hold.

Last measure enacted upon was a request that persons living outside of the Hills be given honorary membership in the club if they have contributed to or aided the club in any way. This resolution, proposed by Harold Riley, was passed with no opposition.

Members of the Sports club were informed that John Rule has given them permission to hunt Hills land on the south side of Monaville road. This land will be posted by members stating the club's name on the "No Trespassing" posters.

Only members will be allowed to hunt this land. They will be able to identify other members when in doubt by checking membership cards.

The Fox Lake Property Owners' association will hold its monthly meeting Monday at the Lake Villa Grade school. The meeting will begin at 7:30 sharp.

Anyone having any suggestions or ideas is asked to attend the meeting and present his views.

It would be nice if those who have not been attending would come out to the meeting and see what their neighbors are doing and what they can do to make Fox Lake Hills even better.

Special notice to residents in Unit 1. Mrs. Edwin Jankowiak will be acting as substitute unit director in place of Mickey Stevens. This will be for a few months only. Mrs. Jankowiak would like those unit 1 residents with complaints that can be handled by the association to report to her the details in writing.

## Rep. Church Sees Front Line Units In South Korea

**HEADQUARTERS, 1ST CAVALRY DIVISION, Korea**—Congresswoman Marguerite Stitt Church (R., Ill.), and four colleagues of the house foreign affairs committee, recently inspected front-line units of the 1st Cavalry division and their forward observation posts overlooking North Korean communists' position across the demilitarized zone (DMZ).

The Illinois representative visited trenches, strong points and artillery observation posts that are constantly manned against enemy action across the DMZ.

**THIS IS A 4,000 yard No Man's Land** that separates the communist forces from the United Nations troops.

The inspection trip to the front lines was arranged by General Carter B. Magruder, commander in chief of the Eighth United States army and the United Nations command.

The four-star general, as well as Maj. Gen. Charles E. Beauchamp, CG, 1st Cavalry division, accompanied the subcommittee on the trip.

This was accomplished by helicopter, jeep, and foot, over the rugged, mountainous Korean terrain.

Members of the congressional subcommittee also include Chairman J. L. Pilcher (D., Ga.), Laurence Curtis (R., Mass.), Harris B. McDowell, Jr. (D., Del.), and Walter Judd (R., Minn.).

The congressional observers were, on this trip, also the observed; observed by the communists, that is.

Troop commanders, explaining military positions, assured the congressmen that while they were watching the Red outposts, the Communists were surely observing their

activity in the UN observation posts.

A note of grim realism was added to the inspection when the reconnaissance squadron of the 1st Cavalry division staged a practice alert. Without warning, the siren sounded and the troops instantly dropped their routine tasks to mount their light tanks, armored carriers and jeeps and roar off to their combat outposts.

In a few minutes, the squadron was carrying out its assigned tasks with a gratifying display of orderly haste.
